

TEENAGE MUTANT NINJA TURTLES

MINI MUTANTS TURTLE-TOE PLAYSETS™

Kids,
follow these
simple blueprints,
it's easy!

Insert the power
placin', incredibly
accurate Football
Kickin' Turtle Foot
at rim of playing field
and in line with the
Sewer Pipe Goal Posts.
Remember, only the Turtles'
toes know how far the ball goes!

For some football kickin' fun, line up
the Football directly underneath the Football
Kickin' foot. Push forward on the top foot lever
and release, sending the football on a mission to
score and score again 'til the Turtles rule triumphant!
Here's how to play the Mini-Mutant Turtle way:

Scoring:

- 1) Player starts on opponent's 20 yard line.
- 2) Drive 80 yards and score a touchdown.
- 3) Kick it through the top level hole - 6 points.
- 4) Kick it through the second level hole - 3 points.

Gaining yardage:

- 1) Kick it through the first level hole - gain 10 yards.
- 2) Split the uprights, land on the field - gain 5 yards.
- 3) Kick anywhere on the field and avoid the holes - gain 5 yards.
- 4) You get 4 downs to gain 20 yards or your opponent gets the ball.
- 5) Use the down marker to keep track of downs.

Losing yardage:

- 1) Kick the ball into a hole on the field - lose a down.
- 2) Kick out of the playset or out of bounds on the field and you lose one down.

Attach the Turtle Big Screen Viewer to the second story of the Wacky Weight Room as shown. Hey who's that on the screen ... it can't be! It is ... it's Mini-Mutant Michaelangelo scoring the winning field goal for our triumphant Turtle team!

For some action replays of the game's best plays, plug in the TV Kowa-Camera Bunga Booth in the Wacky Weight Room. Here's where Mini Mutant Turtle Michaelangelo, Donatello and Leonardo can study the not-so-smooth moves of those foul Foot foes.

When the going gets tough, the tough keep score! Use the Real Working Scoreboard to keep track of turtle tails.

D-E-F-E-N-S-E! D-E-F-E-N-S-E! Use the Bodacious Blocker Dummy Bag to build up those soft shells for some serious shellacking needed to fend off the Bad Boys as they try to steal a victory!

Attach the Turtle Bomb to the second level and swing out as shown. Place the Mini-Mutant Turtle inside so he can get some live action coverage of the playing field.

WARNING:
CHOKING HAZARD-Small parts.
Not for Children under 3 years.

TO OPEN the Playset: Firmly hold the bottom half of MICHAELANGELO'S head with one hand. Pull up on the upper half with the other hand and raise it to a vertical position as shown. Now you're ready to tackle some Mini-Mutant Turtle talent!

Fold down the tail of Michaelangelo's mask as shown to help the support the upper half as you prepare for the Turtle's Fall classic in the Mini-Mutant Football Playset.

Insert the Sewer Pipe Goal Post into back of football field as shown. Split those uprights and it's worth 5 yards!

For a Turtle's eye view of the playing field, plug in the Mini-Turtle Blimp into the tether spot on the football field. The Blimp plays some great defense too! Just use the bottom lever to move the Blimp from side to side and keep the foul Foot foes from scoring!

Open the Ball Return door underneath the Real Working Football Kickin' Turtle Foot to snag Foot fumblin' footballs from the playing fields. Balls will fall into several holes in the playing field after failed scoring drives and be returned to the offense via the Ball Return door.

Insert the TMNT team flag, the TV Kowa-Camera, the Garbage Can and the Down Marker onto edge of playing field as shown. Use the Down Marker to keep track of downs as you and your opponent drive down the field in an attempt to score.
